

BE LOVED

JUNE 1, 2025

King Jesus is the least religious Person I know. If you want Jesus without religion, then come rest your weary butt in Our humble, little hut. Our Prince of Peace is taking His throne as our King of Peace and this means we are becoming One Team with our King Jesus as our Team Leader, King, and Boss.

Being on King Jesus' Team is simple and is good news. All we do is raise our hands, focus on Him, and stay engaged with His process of aligning ourself to Him and His ways. Our King Jesus is different from religions. He wants us to come to Him as we are. He loves you and He loves the challenge of transforming us from our hot messes into Co-Rulers that Always Love, Lift, Protect, and Care for others like He does. Plugging into Holy Spirit, His Executive Officer, is essential to bypass lesser guides to access our King Jesus as our Expert Guide.

Holy Spirit sifts out our nonsense to transform us into King Jesus Fullness Franchisees that have been transformed into His Partners who are aligned with King Jesus' passions, plans, priorities, and perspective. There is nothing you have done that disqualifies you from accepting His offer. He wants all 8+ billion souls to play on His Team. Our King Jesus will be transforming Hot-Mess Haiti into Heavenly Haiti and Awful Afghanistan into Amazing Afghanistan. Thinking you are too big of a challenge for Him isn't true.
